

The course

The course will be of interest to both established gynaecological surgeons and trainees wishing to learn new techniques or update their knowledge and skills. A special element in this course is the satellite transmission of live surgery. Ample time has also been allowed for discussion of principles and techniques.

Course fee

The conference fee of £400 includes catering and a conference pack. No refunds can be made after 1 March 2009.

Catering

Coffee on arrival, mid-morning refreshments, hot and cold buffet luncheon, afternoon refreshments.

Data Protection Act

Your name, post and workplace (or correspondence address if no current workplace) will be on the list of participants that is included in the conference pack. Please inform us if you wish not to be included.

CME/CPD

Certificates of attendance will be issued at the end of the meeting.

Administration

The administration of the conference is handled by Qube Events Ltd. www.qubeevents.co.uk

ENDOWMENT FOR TRAINING AND EDUCATION IN RE-PRODUCTION

The Endowment for Training and Education in Reproduction (ENTER) was founded in 1999 and is based at the Central Manchester and Manchester Children's University Hospitals NHS Trust. It organises educational meetings at national, regional and local levels, and has provided resources for clinical skills training. We provide meetings of high educational value at a fee affordable to health professionals, with fees often pegged at a fraction of market value. Where else would one find a 2-day practical course, with live surgery and satellite transmission and international faculty for just £400?

For details of previous meetings and future activities, visit our web site www.womenshealthcare.co.uk

BENENDEN HOSPITAL

Benenden Hospital is an independent hospital providing high quality diagnostic, surgical and medical services to members of the Benenden Healthcare Society (which owns the hospital), NHS patients, and private patients. Mr Hefni, Consultant Gynaecologist, has been organising courses in vaginal and laparoscopic surgery at Benenden Hospital for nearly 20 years. His periodic Pelvic Floor Surgery Master Class attracts faculty and delegates from the UK and abroad.

FACULTY

Professor Michael Aronson is Professor & Director of Women's Health Services, University of Massachusetts Medical Centre, USA. He is the Course Director of the annual course on Advanced Gynaecologic Surgery organised by The Society of Gynaecologic Surgeons.

Mr K V (Phil) Chia is Consultant Gynaecologist at the Royal Bolton Hospital. He organizes hands-on training in the use of Erbe biclamp for vaginal hysterectomy and oophorectomy.

Dr Leroy Edozien is Consultant Obstetrician and Gynaecologist at St Mary's Hospital, Manchester, and founder of ENTER.

Dr Paul Fogarty is Consultant Obstetrician and Gynaecologist at the Ulster Hospital, Belfast.

Mr Simon E F Edmonds is Consultant Gynaecologist at Benenden Hospital Trust, Kent, with a special interest in vaginal and pelvic floor surgery.

Mr Waleed Al-Singary is Consultant Urological Surgeon at Worthing Hospital, West Sussex.

Mr Mohamed Hefni is Consultant Gynaecologist at Benenden Hospital Trust, Benenden Kent.

Mr Adam Magos is Consultant Gynaecologist at the Royal Free Hospital, London. He has published widely on vaginal surgery and has organised courses on vaginal hysterectomy and endoscopic surgery for over 15 years.

Mr Mohamed Mossa Consultant Obstetrician and Gynaecologist at Maidstone Tunbridge Wells Trust and Benenden Hospital Trust with a special interest in vaginal and pelvic floor surgery and Urogynaecology.

Mr Michael C Parker is a Consultant General Surgeon and Colorectal Surgeon at the Darent Valley Hospital, Dartford and Benenden Hospital, Kent. He has published widely in colorectal and minimal access surgery. He is President of the Association of Laparoscopic Surgeons of Great Britain & Ireland.

Professor Shirish Sheth is Consultant Gynaecologist at the Breach Candy Hospital, Mumbai, India. He is a past president of the International Federation of Gynaecology and Obstetrics (FIGO) and co-editor/author (with John Studd) of the textbook Vaginal Hysterectomy (Informa, 2001).

Professor Peter von Theobald is Professor at the Department of Obstetrics, Gynaecology and Reproductive Medicine at the University of Caen, Caen, France, and co-editor (with Carl Zimmerman and Willy Davila) of the forthcoming book, Vaginal Prolapse Surgery (Springer, 2009).
